Revolution Newsletter: 2010 Issue 1

February is supposedly the month of love. Hopefully, you remembered and bought something special for your other half, but don't worry if you didn't.. or if you don't have a better half, because it's much more fun buying something for the one you truly love - your car!

To make that even easier than normal, we've got a couple of extra special offers this month and some very good news!

CAT Chose The Cream!

Although we like to think that we go the extra mile in terms of service and value, it's always fantastic to win an award especially from CAT magazine - the industry's aftermarket bible. We were honoured to win the award for 'Retailer of the Year' against some very impressive opposition including all the big names in the tuning industry - a fact made all the more gratifying when you learn that the votes are cast by the general public & industry suppliers. Thank you to everybody that voted for us as it means a lot to myself and all our staff.

VAT Stays Flat!

17.5% VAT?.. Not here, people!! For a strictly limited period, we're holding VAT on all of our prices at the old 15% rate, making us even better value than ever! We can't hold these prices for much longer, so if you're deliberating on a hot mod.. now's the time to do it!

Revolution Merchandise

Show your love for the Revolution with our exclusive range of high-quality merchandise. Key rings, stickers and badges are all available and each one adds at least 20 Bhp!!!. (OK, we may have exaggerated on that last bit). Click [HERE](#) to view.

Kei Racing Special Offers

Kei racing's superb new designs look the absolute business and fit a massive range of cars. With the show season fast approaching, we've got some crazy deals on these desirable wheels with 15" packages starting at just **£379** and 17" starting from just **£429** (while stocks last). Click [HERE](#) to view.

FREE vehicle checks.....worth £30

Is your motor ready for the coming season? Is it going where you point it? If the answer to either of these questions is 'No'.. then you need to drop by our Gateshead HQ for our technical team to give it the once-over. We'll check alignment, battery, coolant and tyres absolutely FREE to give you complete motoring peace of mind.....so don't forget to give us a call to book your loved one in for some tender loving care.

That's it for this month. Keep it safe out there!
